The diagram illustrates the construction of a sequence of words from a set of letters. It consists of two rows of letter groups.

- Top Row:** Shows three main groups of letters. The first group contains 8 letters, the second contains 12 letters, and the third contains 8 letters. These groups are connected by horizontal lines, indicating they form a single sequence.
- Bottom Row:** Shows the same letters rearranged into a new sequence. Some groups of letters are highlighted with red boxes, indicating they are part of the constructed words.
